

Menstruation and depressive symptoms: tracking sheet of the TIDE study

This worksheet is designed to help you understand your cycle and depression symptoms. Each night, fill in how much you were burdened by the following symptoms. Start this tracker on the first day of your period, which is day 1 of your cycle. Track your symptoms until you get your period again.

or moderate, or fill the box if the symptom

X

Mild/moderate

Severe

Date of start period (day 1): ____ - ____ - _____	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35
